## Transport | Roads Infrastructure | Road Safety

## About WALGA

WALGA is an independent, membership-based organisation seeking to strengthen Local Government through representation, advocacy and providing capacity enhancing services.

## Infrastructure team

WALGA's Infrastructure team assists Local Governments with all roads and transport related issues, including:

- » Advocating for adequate funding and resources, and legislative reform from Federal and State Governments
- » Developing representative sector policy positions, agreements, plans and guidelines, including the bi-annual Transport and Roads Forum
- » Providing a Local Government perspective on relevant committees and working groups
- » Strengthening capacity by providing workshops, forums and training
- » Supporting State Road Funds to Local Government Advisory Committee
- » Supporting the network of regional road groups
- » Producing the annual Report on Local Government Road Assets and Expenditure
- » Researching and providing guidance on technical issues and specifications.

## Areas of expertise

### Transport and Roads:

- » Local Government road funding
- » Road design and construction
- » Road asset management
- » Pavements and materials
- » Heavy vehicles and freight
- » Pedestrian and cycling infrastructure
- » Road user pricing, congestion charging and other funding models

### Infrastructure:

- » Sustainable asset management
- » Community infrastructure funding
- » Electricity distribution infrastructure
- » Utilities in the road reserve
- » Street lighting
- » Airports
- » Bridges
- » Recreational boating facilities
- » Vegetation management in the road reserve including near powerlines
- » WA Natural Disaster Relief and Recovery Arrangements

### Road Safety:

- » Research and analyse road safety issues
- » Project manage road safety initiatives
- » Traffic management for road works and events
- » Road safety legislation
- » Children's school crossings
